

**Heaven on Earth**

Sunshine, tropical showers and coconut palms. At first sight there is no difference between Mauritius and any other island in the Indian Ocean, but in fact the island has its own charm. The famous American writer Mark Twain described the island very accurately: "Mauritius was made first, and then heaven; and heaven was copied from Mauritius". Shimmering turquoise lagoons, magnificent palm-fringed beaches, colourful coral reefs, unusual cliff formations and mountains, beautiful landscapes with opulent vegetation in all imaginable colours - Mauritius offers all of this and so much more. The island is situated in the Indian Ocean approx. 900km west of Madagascar and is the biggest one of the archipelago. Le Morne, located at the foot of "Le Brabant" mountain, the emblem of this island, is a dream-come-true paradise for windsurfers, kitesurfers, and surfers!

**MAURITIUS - Impressive waves and so much more**

The notorious „BIG DAYS“ on Mauritius, an island in the Indian Ocean, are the events on everyone’s lips. On these days even the pro’s stay in the safe lagoon, but there are also plenty of „NORMAL“ days...

**THE SPOT ON MAURITIUS**

Our dream spot: A white sandy beach, a turquoise lagoon and shallow water. The whole lagoon is surrounded by a reef, which is about 600 meters off of the beach. Inside the lagoon there is enough space for speed racing or practicing jibes and water starts. Depending on the tide, the water level at low tide may be too shallow to surf at the lagoon or the reef. Outside there are two wave spots: "Little Reef" with accessible waves; and for more advanced windsurfers we offer regular guided sessions to "Manawa". The famous "One Eye" is unsafe and therefore not recommended. Windsurfing tuition happens directly in front of the center in an area shared by experienced kitesurfers and windsurfers. The kitesurfing beginner courses are held in a protected semi-shallow lagoon upwind of the center. If there is not enough wind for kitesurfing or windsurfing our center is equipped with many SUP boards. Mauritius has several excellent surfing spots which can be reached directly from the center. Surf rental is only available together with supervision from the boat and only bookable locally. It is crucial to follow the team's instructions at all times, as currents, tides and waves can be dangerous depending upon the conditions.

**WIND AND WAVES**

The wind usually blows from the east or south-east (side shore from the left) and reaches an average of 3-5 bft. during summer (November - March), and about 4-6 bft. during winter (April - October). In winter the trade winds are at their best, between December and April there can be heavy rainfall.

**THE CENTER**

Our center is located in Le Morne on the grounds of the Indian Resort Hotel in shady palm trees with a perfect view of the spot. Right next to our center there is a pool and a beach restaurant which are quite protected from the wind. It is only a few steps from the center to the water. Your safety is our top priority, and the center is equipped with two rescue boats.
